ROLL NUMBER	STORY		FOOTAGE
	<p>The following shots were taken as nearly as possible to the instuktion of the SHAEF directive of May 4 th for serial No. F 3080. It is impossible to shoot the many interesting scenes in the improvised hospital without additional lighting. The same applies to the interior scenes of great interest in the camp itself. The human laundry (where Geman xxxxxx female labour is used to wash the internees before they are taken to hospital) the interiors of internees huts being cleaned by German women, the cleaned out cells and the kitchens, to mention a few possibilities.</p>		
	326/23/1.		
	1. An ambulance taking internees into the improved hospital set up by No 10 C.C.S. in the original staff quarters of the camp.	MS	panning 30''
